

Hereby we confirm that below values are verified in accordance to EN16147 and compliant with Ecodesign directive 2009/125/EC (813/2013) and Energy labeling directive 2010/30/EU (811/2013).

Domestic hot water performance for NIBE F2120-8 with VVM 225 (Erp data)
Results based on EN16147

F2120-8 + VVM 225	
Efficiency class	A
Outdoor temperature	+ 7 C
Energy efficiency hot water	101%
Load profile	XL
Qref	19,07 kWh
Qelec	7,57 kWh
COP _{DHW}	2,52
Pes	85 W
AEC	1661 kWh
Tref	51 C
Actual volume of the tank	180 l

Kind Regards,

David Kroon
